

RUST-OLEUM®
INDUSTRIAL

PRE-PAINT CLEANER

Concentrated pre-paint cleaner for most surfaces

- Multi-surface cleaner for walls, window/door frames, floors and metals
- No further rinsing is needed after wiping the surface; saves time
- Effortlessly removes all organic and inorganic pollution
- Makes the surface anti-static to prevent adhesion of dust prior to painting
- Non-foaming, biodegradable formulation

KNOW-HOW TO PROTECT™

PRE-PAINT CLEANER

DESCRIPTION

Effective, concentrated biodegradable cleaner to quickly clean all types of surfaces prior to painting.

RECOMMENDED USE

Pre-paint Cleaner for all types of surfaces: floors, walls, doors, window frames, metal, windows, door frames, etc. Cleans, degreases and also removes nicotine stains. Makes the surface anti-static to prevent adhesion of dust prior to painting. Does not foam.

GROUP_COVERAGE_10_THEORETICAL

Ca. 100 m²/l at a dilution of 1 : 20

GROUP_COVERAGE_20_PRACTICAL

Practical coverage depends on many factors such as porosity, roughness of the substrate, contamination level and dilution during application.

INSTRUCTIONS FOR USE

Shake well before use. Scrape off grease, oil, dirt and other pollution as much as possible. Dilute RUST-OLEUM® Pre-paint cleaner to the required mixture and apply on the surface. Rub with a brush or white nylon pad and allow to work in for several minutes if necessary. Then wipe thoroughly with a damp sponge or cloth. With stubborn soiling repeat the treatment or leave to work in longer, possibly with a higher concentration.

APPLICATION CONDITIONS

Temperature of air, substrate and material between 5 and 35°C.

REMARKS

Because of its concentrated composition, Pre-Paint Cleaner is very economical in use. Depending on the degree of contamination, the product should be diluted in a ratio of between 1:10 and 1:100.

1 : 10 ovens, motors, extremely dirty floors

1 : 20 kitchens, machines, gas stoves, garden furniture

1 : 50 paintwork, nicotine stains

1 : 100 windows, mirrors, sun-beds etc.

SAFETY DATA

group_voc_10_level: 0 g/l

safety_remark_PDS: Consult Safety Data Sheet and Safety Information printed on the can.

PH

9

SHELF LIFE

Minimum of 2 years from date of production in unopened cans, if stored in dry, well ventilated areas, not in direct sunlight at temperatures between 5° and 40°C.
